Here you go. If possible, will you please look right away and let us know if you find anything? I need to share with Bob and others today.

(I looked through our paper file and didn't see any formal letters.)

Thanks.

Hi Patricia:

Yes, this has to do with an ozone monitor in nonattainment on the shore of Lake Michigan in Sheboygan County. The state is asking to split the county into two areas given the lower ozone levels from the second, inland monitor. Our air program is working with OAQPS on this.

Gayvonne, will you please do a search in CMS for letters from Rep. Grothman, Sen. Johnson and Gov. Walker and copy all on your response?

Thanks,  
Denise
